

CRADOCK MIDDLE SCHOOL

21st Century Community Learning Center

For the 2016-17 school year Cradock Middle School was awarded the 21st Century Community Learning Grant from the U.S. Department of Education.

This program supports the creation of community learning centers that provide academic enrichment opportunities during non-school hours for children, particularly students who attend high-poverty and low-performing schools. The program helps students meet state and local student standards in core academic subjects, such as reading and math; offers students a broad array of enrichment activities that can complement their regular academic programs; and offers literacy and other educational services to the families of participating children.

The program runs Monday thru Thursday from 3:00 pm until 6:00 pm.
